Did you know?

Wigan is home to Wigan Pier, made famous by George Orwell's book The Road to Wigan Pier, published in 1937. Despite its name, there is no seaside, and original pier has long since been demolished, leaving behind a historic canal wharf that played a key role in the town's industrial past. Today, many of the former industrial buildings have been converted into apartments, and rather than transporting coal mined in nearby Hindley and Ince-in-Makerfield, the canal now offers boat rides for leisure and tourism.

What is Shared Ownership?

Stepping into a new home that belongs to you is one of the best feelings in the world and with Shared Ownership, you might be able to have that feeling sooner than you think.

Shared Ownership is a way to buy a share in a home now with the option to buy more of it in the future. You pay a rent on the share of the home that you don't own.

Shared Ownership is a popular scheme for people who can't afford to buy a home on the open market. This is a common position to be in and our Shared Ownership customers are of varying ages and from all walks of life, with many being first time buyers in their early twenties and thirties, while some are looking to step back onto the property market in their forties through to seventies.

Initially, you can purchase the share of a home that you can afford, usually between 25-75% and then you'll pay

rent on the other share. On some newer Shared Ownership homes, lower shares may be available, subject to eligibility checks and further approval.

You'll need a minimum level of income and savings, the amount will be determined by the value of the home you want to buy, your personal circumstances, and your lender's requirements, but depending on which lender you use, the deposit can be as little as 5% of the share value. If you want to see what you could afford, why not head to our website at www.plumlife.co.uk and try out our affordability calculator? On our website you'll also be able to see a full list of Shared Ownership FAQs.

Who is eligible?

Certain key eligibility criteria apply to Shared Ownership, these include:

- Not owning any other property
- Having a household income of less than £80,000 per year
- In some cases, having work and/or family connections to the area in which you want to buy. Please check the requirements for the specific site you are interested in for more details.

Work out the typical monthly costs of buying a Shared Ownership home using our handy affordability calculator. Simply input the value of the property you are interested in, select a share percentage, complete the remaining details, and the calculator will provide you with an example of what you can expect to pay on a monthly basis.
